OCCDHE GUIDELINES FOR CHALLENGING LEGAL & ETHICAL SITUATIONS

Edited by
Stewart Cooper, Ph.D.

The increased litigation in the United States combined with the increased psychopathology seen in university & college counseling centers has made awareness and attention to challenging legal and ethical situations a must. This clearly written monograph, created by the Legal and Ethical Committee of the Organization of Counseling Center Directors in Higher Education (OCCDHE) in California, presents guidelines on five of the most difficult areas facing college mental health services staff.
